RE. : 

SENATE

Senate Bill No. 3201

Introduced by Senator Ferdinand R. Marcos, Jr.

EXPLANATORY NOTE

The Laoag International Airport in Laoag City, Province of Ilocos Norte is the only international airport in Northern Luzon. Its nearest international airport is the Diosdado Macapagal International Airport in the Province of Pampanga with a distance of four hundred (400) kilometers.

With the renewed thrusts of the government to promote tourism in the country, as well as the invigoration of economic activity in every region, it is imperative that the efforts be complimented by the development of our airports.

The Laoag International Airport's strategic location and proximity to China, Taiwan, Japan and South Korea shadow its potentials as a perfect gateway of tourist, as well as an international cargo hub, in the northern part of the country. In fact, it now caters to chartered flights from China and Taiwan which brings tourists into the Ilocos region. To maximize its potentials, there is a need to upgrade its facilities to provide a world-class standard of service which is a key component in the promotion and growth of air traffic in the country.

The creation of the Laoag International Airport Authority, a body clothed with the corporate personality and sufficient powers to manage and administer the airport, will accelerate the development of the airport into a world-class standard and consequently brings progress and development in the region.

Thus, the early passage of this bill is earnestly requested.

FERDINAND R. MARCOS, JR.
